

Transitioning After High School

Individual Supported Employment

We assist adults age 21+ who have developmental disabilities and are seeking employment.

Community Inclusion

We help people with developmental disabilities build and strengthen relationships and become members in clubs, associations, and/or organizations.

Community Information, Education and Referrals

We inform and educate the public and school personnel about developmental disabilities and related services.

Washington State
Department of Social
& Health Services

Transforming lives

Division of Vocational Rehabilitation

Grays Harbor Transitions Council

Connecting Grays Harbor students and families to vital resources and community information.

Transitions Presentations

Introducing students and families to community services and agencies that are available and answering questions. Available Oct., Nov., and Jan. each year on select dates.

Community Liaison

Local agency professionals with expertise in developmental disabilities who offer guidance to students and their families. Liaisons can attend IEP/504 plan meetings and help navigate disability systems, especially for those students who are in transition to adult services.
